

Section 368 Energy Corridor Mapping Tool

Register at: <https://bogi.evs.anl.gov/section368/portal>

Free online mapping tool:

- Facilitates use and management of the West-wide energy corridors for energy transportation.
- Provides data on the energy corridors and existing pipeline / electric transmission line infrastructure.
- Provides data on natural and cultural resources within and adjacent to the corridors.
- Facilitates feedback on corridor reviews through online commenting and access to corridor abstracts.

For detailed info on the energy corridors/infrastructure shown (and resource data not shown), visit the Section 368 Mapping Tool
