To Whom It May Concern:

Subject: Preliminary Draft Map of Potential Energy Corridors on Federal Lands

Staff of the California State Lands Commission (CSLC) has received a copy of the Preliminary Draft Map of Potential Energy Corridors which was prepared in advance of the draft Programmatic Environmental Impact Statement (PEIS) which will identify the impacts associated with designating energy corridors on federal lands in 11 western states, including California.

The CSLC has jurisdiction over all State owned filled and unfilled tidelands, submerged lands and beds of navigable waterways. The State acquired ownership of all such lands within its boundaries upon its admission to the United States in 1850. The State holds these lands for the benefit of all its people for the public trust purposes of water related commerce, navigation, fisheries, water oriented recreation, and open space. Additionally, shortly after becoming a State, California was also granted Sections 16 and 36, or lands in lieu thereof, out of each township then held by the federal government. The lands, classified as "School Lands," were given to the State to help support public education. While many of the School Lands were sold off over the years, the State retains an interest in approximately 1.3 million acres of mostly desert and forest lands. State legislation has mandated that revenues from these school lands accrue to the State Teachers Retirement System. The CSLC also has jurisdiction and authority over School Lands and lieu lands.

The CSLC should be consulted regarding any specific uses proposed for or which may impact such lands. Therefore, once it becomes available, please forward a copy of the PEIS to the following address:

California State Lands Commission,  
Division of Land Management,  
100 Howe Avenue, Suite 100 South  
Sacramento, California 95825  
Telephone (916) 574-1940.

The CSLC reserves the right to require a lease for the use of any lands in the project area which ultimately may be found to be within its jurisdiction. This letter is not intended, nor shall it be construed as, a waiver or limitation of any right, title, or interest of the State in any lands under the jurisdiction of the State Lands Commission.

Sincerely,

Barbara Dugal, Assistant Chief  
Land Management Division
