Comment Submitted:

I sending this in reference to the corridor near Indian Springs, NV. There is plenty of BLM land in the area they should certainly be able to move it out and around this community not using private land. It could certainly run behind the mountains as not to obstruct the views of the mountains here. I am sure that it won't be attractive. The further away from a populated area would be safer, also. I ask that you please move this out away from our community and use the plentiful BLM land instead of public lands.
