Dear Office of Electricity Delivery and Energy Reliability:

The San Miguel County Board of Commissioners appreciate the opportunity to comment on the preliminary draft corridor map. The area mapped in San Miguel County, Colorado appears to be through the area referred to as Wright's Mesa which is a rural area, with a growing population. The Board would prefer the siting to the west of this area, towards the Slickrock area.

The preferred area around the Slickrock area has very little population and most of the County's oil and gas production is located in the area.

Thank you for the opportunity to comment.

Very truly yours,

Elaine Fischer,
Chair
